

CE certified  
Standard: GB19082-2009,EN14126

Material : Anti-static Non-woven PP Fabric+PE breathable  
Made of 64g white complex film+30g nonwoven+25g

film+3g glue+2.0cm EVA 0.12mm sealing line  
moisture-penetrability:≥3500g/m<sup>2</sup>

resistance to static water pressure:≥800

Size: 160-170CM/M,170-180CM/L,180-190CM/XL

M size:260g,L size:270g,XL size:280g

Coverall with hood and boots

Feature: Anti-Virus, Anti-bacteria, Anti-blood osmosis, Waterproof, Breathable, Anti-static

Application: hospitals, governments, CDC etc

## Packing:

Non-sterile medical protective clothing:

Outer box size: 80 \* 40\* 35cm.

CTN weight: 13.5kg

50PCS/CTN

## Size Chart

### Fabric Information

Main material: PP + PE non-woven fabric

size	Clothing length	Shoulder width	bust	Sleeve Length	Pants length
M	100	65	110	56	80
L	105	70	120	60	90
XL	110	75	134	63	100

Due to different measurement methods, the size may have an error of 2-3CM, which is not a quality problem (measurement unit: cm / CM)
